

SAHIL AMBERKAR

WEB DEVELOPER

PROFILE

Highly motivated IT student with a strong foundation in web development, programming, and database management. Proven ability to develop user-friendly, responsive, and secure web applications through academic projects, such as a comprehensive college website featuring an admissions form, e-books library, gallery, and feedback section.

OBJECTIVE

To secure an entry-level IT position that allows me to utilize my strong foundation in web development. I aim to contribute to impactful projects, enhance my technical expertise, and grow within a dynamic, forward-thinking organization. My goal is to continuously learn and adapt to new technologies while delivering innovative solutions that drive business success.

EXPERIENCE

FRESHER

Developed a comprehensive college website with an admissions form, e-books library, gallery, and feedback section. Created an Admin Dashboard for secure management of admissions, e-books, gallery content, and feedback. Ensured a user-friendly, responsive, and secure platform using modern web development technologies and best practices.
